Product Information

This amazing New Jeep All-In-One Solution Headlight and Fog light Kits is the perfect way to upgrade your frontal lights on your 2018+ Jeep Wrangler JL or Gladiator. For the headlight, we use our revolutionary 7-inch LED Sealed beam RGB Halo ring headlight and fit it into an adapter ring to perfectly fit into the 2018+ 9-inch hole with a flush look. For the fog light, we again use our revolutionary 4” RGB Halo ring lights but have made a perfect fitment adapter for them to fit into the Jeep fog light holes seamlessly. This kit does it all for you. Everything you need is in one box for the installation. On-Road Performance – The Low Beam and High Beam performance lights have projector opticals to keep the beam perfectly arrayed on the road and out oncoming traffic. Aiming is everything with headlights to not only get max distance down the road, but to respect your oncoming drivers and be in compliance. These lights do all of that for you with the projectors and allow you to see 2-3
