Flood

Product Information

Introducing Marine Sport® Lighting's new HydroBLAST™ family of high intensity, LED lighting for your boat. Because nothing looks more stylish, than blasting an onslaught of LED light into the wake, when skipping across the water with friends and family. Requires RGB control panel input, or pairs with our RF (MSUWRCC12V) or Bluetooth APP (MSUWBTC12V) controllers. The RGB Multi-Color 27W Drain Plug LED Lights are the perfect addition to any boating or marine setup. These lights are designed to be installed in the drain plug of your boat, providing bright and efficient lighting while you're in the water. With a 27W power output, these lights are incredibly powerful and will easily light up the entire boat wake. The LED technology used in these lights ensures that they are energy efficient and have a long lifespan, making them a great investment for any boater. The RGB Multi-Color color of the lights gives off a cool and calming vibe, making your boat wake experience even more enjoya
