Product Information

This amazing NEW 8-Gang High Power Auxiliary Power Distribution Control Switching System from Race Sport Lighting is what you need to control all of your lighting systems on your vehicle and control them with a long range 8-button wireless remote. This power distribution system has everything you need to install up to 8 lighting systems on any vehicle or machine. Unlike most lower cost systems on the market that max out at 50-60 Amps, this High Power System has a MAX rating of 80-Amps, which is more than plenty of power to light up the brightest amp drawing light systems and components. The long range remote can control any light from hundreds of feet from the vehicle and even through walls of buildings. You have never seen a long range remote like this before guaranteed. Includes the Following in Kit: 1 - 8-Gang Brain Center with Heavy Duty Shell 1 - Long Range 8-Button LED indicator Wireless Remote 1 - Multi-Optional Label Sheet for Wireless Remote 1 - C-Type USB Charger for W
