Directional

Product Information

Did your truck come without CAB clearance lights on the roof? Are you looking to add clearance light to your truck, but don't want to drill holes into the roof of your nice expensive truck and risk a bad seal issue? Need a solution that eliminates the holes drilling and wires, but gives you those roof mounted lights? Look no further than this USPTO patented and Made in USA solution. The NEW LoPro series Wireless Solar-powered marker cab light system is revolutionary to the marketplace and gives you sharp and bright LED Cab lights on your vehicle, but with no drilling, no holes, no wiring, and no problems! Eliminate water leakage, corrosion on your roof, and major issues with wired kits. Stop paying installation centers 4+ hours of labor!! The patented technology allows any professional shop to install in less than an hour on any roof, and ensures no drilling, no holes, no wires, and no problems! When the vehicle is moving, the sensor picks up the light vibration and turns the lights
