

English Installation instructions

The Jeep Grand Cherokee does not come from the factory with a cabin air. You must install a special order kit that you can order from your Jeep dealer. We do not offer this kit, only the replaceable element. The kit number is Mopar #82208300, which includes the kit and the filter. Once this kit is installed, then you can use our cabin air filter shown here. These instructions show the complete installation of the kit and the filter.

Español Instrucciones de instalación

El modelo Jeep Grand Cherokee no viene equipado de fábrica con un filtro de aire de la cabina. Usted debe instalar un juego ordenado especialmente, que usted puede pedir a su representante Jeep. Nosotros no ofrecemos este juego, sino solamente el elemento filtrante de repuesto. El número del juego es Mopar 82208300, que incluye el juego y el filtro. Una vez que el juego esté instalado, entonces usted podrá usar nuestro filtro de aire de la cabina que aquí mostramos. Estas instrucciones muestran la instalación completa del juego y del filtro.
